## Discover Natural Wonders on The Waters of Lake Michigan!

Bring your camera and join us on a wonderful 2 1/2 - 3 hour cruise along the Sleeping Bear Dunes National Lakeshore.

The crystal clear turquoise waters of Lake Michigan set against the dune formations create an extraordinary view. The ever-changing dunes were carved by glaciers and shaped by wind and water. Enjoy these views and more, from the comfort and safety of our tour boat.

The cruise will take you through Betsie Bay, past Point Betsie Lighthouse and Empire Bluffs to the famous overlook from Pierce Stocking Drive.

On the tour, our captain will tell you about the history and geology of the lakeshore, along with a little legend and lore. Please check our schedule for cruise times.

Come aboard, relax and enjoy the view!
